RE: Site Inspection, KSC Rock, Project, S/027/067, Millard County, Utah

Date of Inspection: September 12, 2000
Time of Inspection: 3:30 p.m.
Conditions: Sunny
Participants: Larry Garahana, BLM; Tom Munson, DOGM

Purpose of Inspection: To inspect the site while in the area

This site was inspected briefly. The pit at this site was about 30 by 30 feet in size and a small stockpile pile of pumice to the side of the pit makes the overall disturbance at this site most likely less than an acre. I did not GPS the site; however, photos were taken.
